“Colville Reservation has been doing virtual contact with 4-H members. We have sent out a variety of project kits to them as well. We have created a weekly newsletter to email and mailout to keep 4-H families connected. We helped the local county develop a market sale for the 4-H market youth as the county fair and show was cancelled. Developed drive through Salad Bowl Seed project where we distributed two specialty greens seed mixes. Participants could choose to grow a 4ft. X 8 ft. garden bed or an 18 inch container. We had 73 people participate in this project”
