FALCON thanks the U.S. Department of Agriculture National Institute of Food and Agriculture (NIFA) for its staff’s support and participation in the conference. NIFA’s mission is to advance knowledge for agriculture, the environment, human health and well-being, and communities by supporting research, education, and extension programs in the Land-Grant University System and other partner organizations.

FALCON thanks the Indian Land Tenure Foundation (ILTF) for its sponsorship of tribal college students. ILTF’s strategies include educating every Indian land owner about land management, ownership and transference issues; using Indian land to help Indian people discover and maintain their culture; and increasing economic assets of Indian land owners by gaining control of Indian lands.

FALCON thanks USDA for providing partnerships to support 1994 Land Grant students’ participation at the FALCON conference. For more information about 1994 Land Grant Faculty and Staff Fellowships and Student Scholarships, contact: USDA/1994 Programs Director, U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Ave., SW, Washington, DC 20250; Phone: 202-720-7265, Email: 1994init@usda.gov or Lawrence.Shorty@ascr.usda.gov. More information on all scholarship and educational opportunities through USDA are available at: www.da.usda.gov/employ/intern.htm.

FALCON thanks the American Indian Higher Education Consortium (AIHEC) for its continuing support of FALCON operations. AIHEC provides leadership and influences public policy on American Indian higher education issues through advocacy, research, and programs; promotes Indigenous languages, cultures, communities, and tribal nations; and serves member institutions and emerging tribal colleges and universities.
